# How trading platform works

With this service we offer our customers an attractive one-stop solution: You have access to a panel of banks as trading partners while all counterparty risks are covered by the Prime Brokerage platform as your single counterparty.

The benefits:

- Independent and transparent execution of your foreign exchange transactions
- Transaction execution across multiple banks
- Avoidance of unnecessary transaction accounts
- Access to Prime Brokerage platform
- Simplification of processes (straight through processing) via FIX and API to link to market maker`s platforms for trading
- Possibility to block the funds with your bank of choice
- Transparent reporting

Our External Asset Managers (EAM) division is fully established and our Asset Management firm (Hong Kong) is the official Fund Manager of these 6 Private Banks and we can open accounts for clients in these 6 private banks as below:

- 1) UBS Swiss (Hong Kong)
- 2) Morgan Stanley (Hong Kong & Singapore)
- 3) DBS Bank (Hong Kong)
- 4) Bank of Singapore (Singapore)
- 5) Bank Pictet (Hong Kong)
- 6) LGT Bank (Singapore)

Procedure to open an account as easy as 1,2,3:

1. When clients are ready, we can bring the bank's account opening forms (for either personal or company accounts) to clients to sign.
2. We'll write the KYC & AML report and submit to the banks. Once the banks complete the account opening procedure, we will notify the clients and accounts are ready to be used.
3. When clients opened accounts under these 6 private banks, we can start trading at the clients' accounts with the 6 banks.
